GETTING TO KNOW...

...more about Asian Arts. Whether it's admiring, investing in or selling Asian art pieces, there's much to learn about it's rich history, artists, materials and techniques. From ancient calligraphy and brush-painting techniques to porcelain pottery and painting to wood-carving and material craftsmanship, and now to contemporary, multi-media art, there's a world to explore. Both Christie's Auction House and UBS Bank, a global lead sponsor for Art Basel, have excellent resources for enthusiasts and investors alike. Check it out!

THE TIMKEN ART BASEL ASIA TOUR

Global Education Elite (GEE) and San Diego-based Timken Museum of Art partnered together in late March to take museum patrons, enthusiasts and investors on a week-long fine arts tour through Shanghai and Hong Kong. Led by Timken's Chairman, Mr. Jessie Knights, and Executive Director, Ms. Megan Pogue, a highlight of the tour included VIP attendance at world-renowned Art Basel Hong Kong.

The visit provided an unprecedented behind-the-scenes view of contemporary and traditional Asian arts, its place in the current international fine arts landscape, and the logistics of handling valuable pieces. Participants met with gallery owners, arts dealers, and related businesses, as well as enjoyed the culture and tradition of major museum and arts hubs in China.
